User Manual Text Integration Utilities (TIU) User Manual Vitals/Measurements User Manual You can locate these manuals in the VistA Documentation Library (VDL). Select Clinical from the VDL web page, select the package you want, and then select the manuals. For example, you can select CPRS on the left side of the page.

Gambro AK 96® Dialysis Machine Operator's Manual ...

Manual Whenever the word Manual is used within this manual, manual always refers to this Operator's Manual for the AK 96 dialysis machine if no other is written. Option Sometimes functions and machine components are marked Option, meaning that the machine may not be equipped with the described function/component.

Tour of automated peritoneal dialysis APD machines

In 1970, the APD machine (also known as a cyclor) was released to a select few CKD patients who could

perform peritoneal dialysis (PD) using a machine at home. Peritoneal dialysis showed high demand in the 1980s and the APD machine allowed many PD patients to free themselves from performing manual PD exchanges during the day.
